Seshat

sšꜣt

The goddess Seshat represents wisdom, knowledge, and writing. She is depicted as a woman wearing a leopard skin dress and a headdress resembling a seven-pointed star.

Seshat was the patroness of architects and scribes and played a crucial role in recording history, measuring time, and overseeing the construction of temples and monuments.

As the 'Lady of the Library' she symbolises the importance of literacy and scholarship in ancient Egyptian society, embodying the pursuit of wisdom and the preservation of knowledge.
